What I Want To Leave You With

Readiness - Is what we deliver

Power - Leverage the awesome capability of the AMC Life Cycle Management Commands and ASA(ALT) PEOs/PMs

Forward - Deployed in the CENTCOM AOR, the 402nd AFSB serves as the single point of entry into the strategic Materiel Enterprise

The Brigade is executing its portion of the OND retrograde. The Brigade is closely tied to DoS/OSC-I planning efforts for the future footprint.

The mission continues post-Dec 2011
